Seneca 73

Foreword

Life is a never ending tapestry shaded by the bright tints of happiness, hope, and by the darker yarn of sorrow, anxiety, or despair. Salamanca Central High School is but one thread woven in the very warp and woof of the tapestry. A tapestry tends to yellow and to fade in the bright sunlight of time, but the importance of that tapestry will grow brighter. The Class of '73 has tried to re-create that one thread in this volume, so it too will be brighter. Long after the shaded colors, the bright hues and image fades, you will still see, we believe this — as it was in the glory of our NOW.

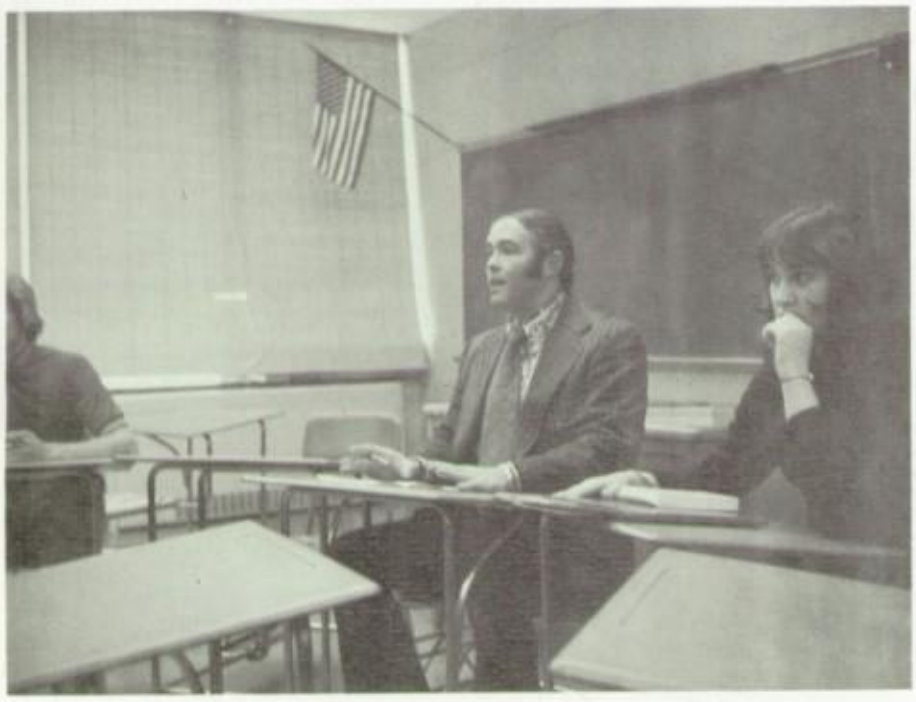
You've Got a Friend



What is a friend? A friend is a person who respects us, is interested in us, and is concerned about us. When we have problems that are too much for us to handle, a good friend listens and offers possible solutions. In times of happiness, a friend will rejoice with us, and in times of sorrow, a friend will sympathize with us.

The Class of 1973 has chosen to dedicate this volume of the Seneca to a good friend, Mr. Patrick J. Callaghan. We feel he fits our definition of a friend. It doesn't matter whether our needs are personal or school related. If we have personal problems, we can discuss them privately with no reservations. We can trust him as a confidante. If it happens to be a school related problem, Mr. Callaghan helps us discuss it openly in the classroom or in the Free Form Discussion Group.

Mr. Callaghan was born in Ireland and came to the United States when he was an infant. He received his Bachelor of Arts from St. Bonaventure University in 1963, and has recently received his Masters of Art degree.

Since coming to Salamanca High School in January 1967, he has been active in the happenings of student life. Mr. Callaghan was the freshman basketball coach in 1968-70, varsity baseball coach 1968-72. Not only has he been active in student life but also in community life. He has worked at the Youth Camp for several years. He has served on the Junior Chamber of Commerce, Indian Lease Commission, and the Drug Council.

And so Mr. Callaghan, the Class of 1973 would like to thank you for being our teacher of the year.

Dr. Paul E. Kirsch, Superintendent of Schools

Board of Education

Standing: Mr. Joseph Greer, Business Manager; Mr. Antonio Carbone, Mr. Donald Wogick, Mr. Jack Dunne, Mr. John Vosburg, Jr. Seated: Mr. Roy Nettleton, Mrs. Willard Opferbeck, Mr. Mahlon Brundage, President; Mrs. William L. Bargy, Dr. Kirsch.

The faculty of Salamanca Central High School will always recall the Class of 1973 with pride and fondness. The spirit and dedication of its members has enriched the quality of education sought and achieved in this fine high school.

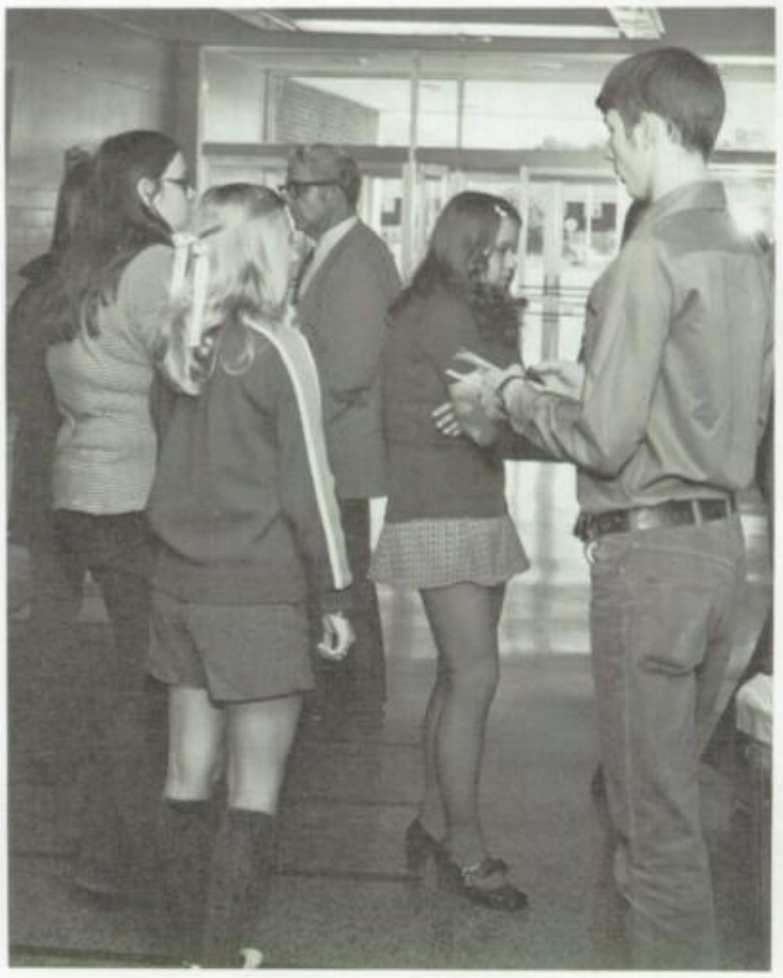
Therefore, I am especially pleased to welcome these graduates into the ranks of Salamanca alumni and to wish them success in the achievement of their goals. As the years pass, I am certain that each of them will maintain the most pleasant of memories of school days and classmates.

Graduates like these give meaning to that happy cheer: "We're from Salamanca, and no one could be prouder . . . ."

Dr. Paul E. Kirsch
Superintendent of Schools

Mr. William O. Valent, Principal

Busy noon hours found Mr. Valent in the corridors.



Mr. Valent is a principal, who even when we students disagree with him, is respected by us. He is fair, and most importantly, he is accessible. He knows his school and his student body because he spends a large part of his long day from seven-thirty until four o'clock in the halls. Any area where groups tend to congregate, will usually find students talking with him. He also gives up many evening hours to attend all our sports events as our number one rooter. This is the way we see Mr. Valent. And yet his responsibilities encompass the whole education scene — curriculum, teacher supervision, requisitions, schedules, and policy.

Mr. Dean Bottorf

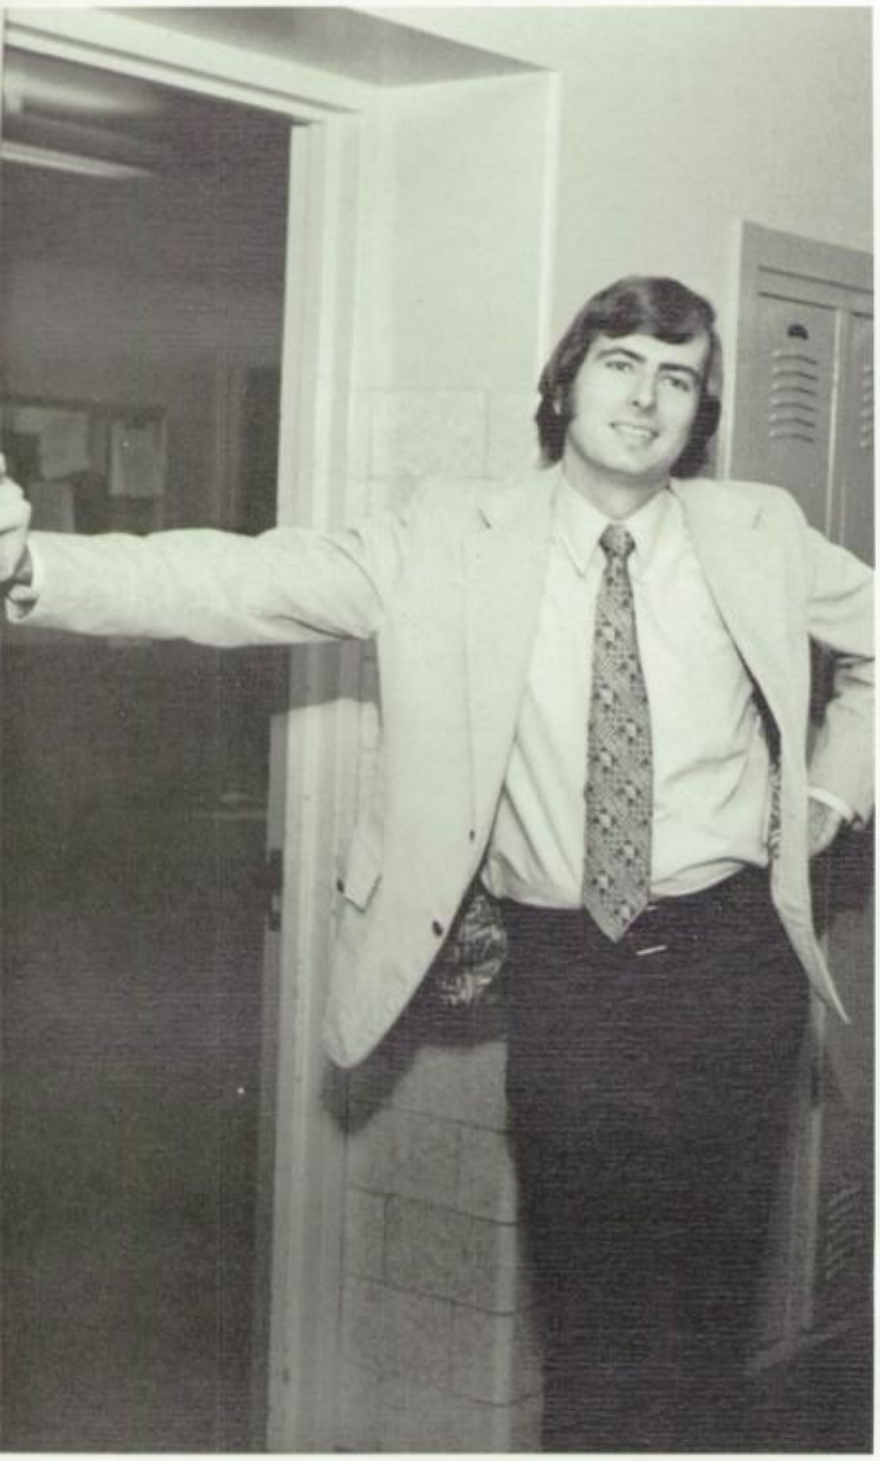
Mr. Patrick Carroll

Guidance Department

With the help of three counselors, each student is taken care of. For the 7th and 8th graders, Mr. Bottorf is responsible for their schedules. Mr. Carroll takes care of the Freshmen and Sophomores. Mr. Wescott is responsible for the Juniors and the Senior Class.

One of the most important functions of any Guidance Department is to bring about a better distribution of young people within the school curriculum and toward various vocations. It assists the individual to choose an occupation or a higher educational opportunity, and to secure suitable preparation for it.

We feel our Guidance Department more than adequately performs this function.



Language Department

Because of the increase of diffusion of peoples among countries, our own country has been increasing in the aspect of acculturation. Sometime in each of our lives we will come face to face with a culture completely different from our own. To overcome our curiosity of this foreign culture, the Language Department of Salamanca High School has improved its curriculum in Spanish and French to teach and improve the understanding of this culture conflict.

This year several students have had the chance of a lifetime to visit and see with their own eyes, a culture different from our own. Fifteen Spanish students travelled to Spain over Easter vacation and witnessed the beauty of a foreign society.

In this day and age, more and more teenagers are realizing the fascination and excitement of learning a new language.

Mrs. Timothy Anderson, Spanish I,II,III

Mrs. John Little, Short Story, Power Reading, General English 10.

If the key to the humanness of man rests in his ability to communicate with his fellow men, then the study of language is the basic tool for his ability to talk with those around him and those of past generations. The aim of the English Department is to acquaint the students with best thoughts of mankind and to teach him to find the best words to express the best that it is in him, and to share with him an appreciation of the meanings of man's common experiences. Communication skills are developed and matured in all of the English classes in our school.

Social Studies Department

Throughout the years at Salamanca High School we all have come in contact with the conventional social studies courses, but as a change of pace during our senior year we have a choice of four courses recently added to the curriculum. These electives are Sociology, the study of human relationships, their causes and their consequences; Consumer Education, which helps to inform the students of the fast paced world of economics and consumer buying, including income tax, credit and insurance; Today's Problems, a course designed to make the student aware of the crises that face the world each day; and finally, Ancient and Medieval History, a comprehensive study of ancient and medieval cultures foreign to our society today.

Every history course taught in Salamanca High School enables the student to make reasonable conclusions about his own society and societies of old, foreign and domestic.

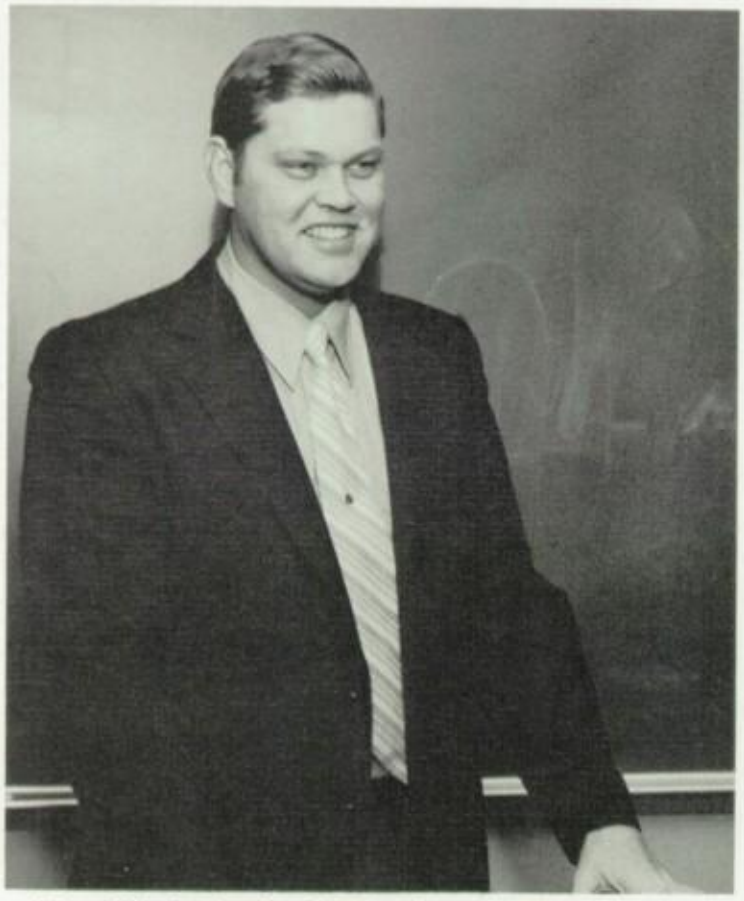
Mr. Gary Gruver, Science 8,9



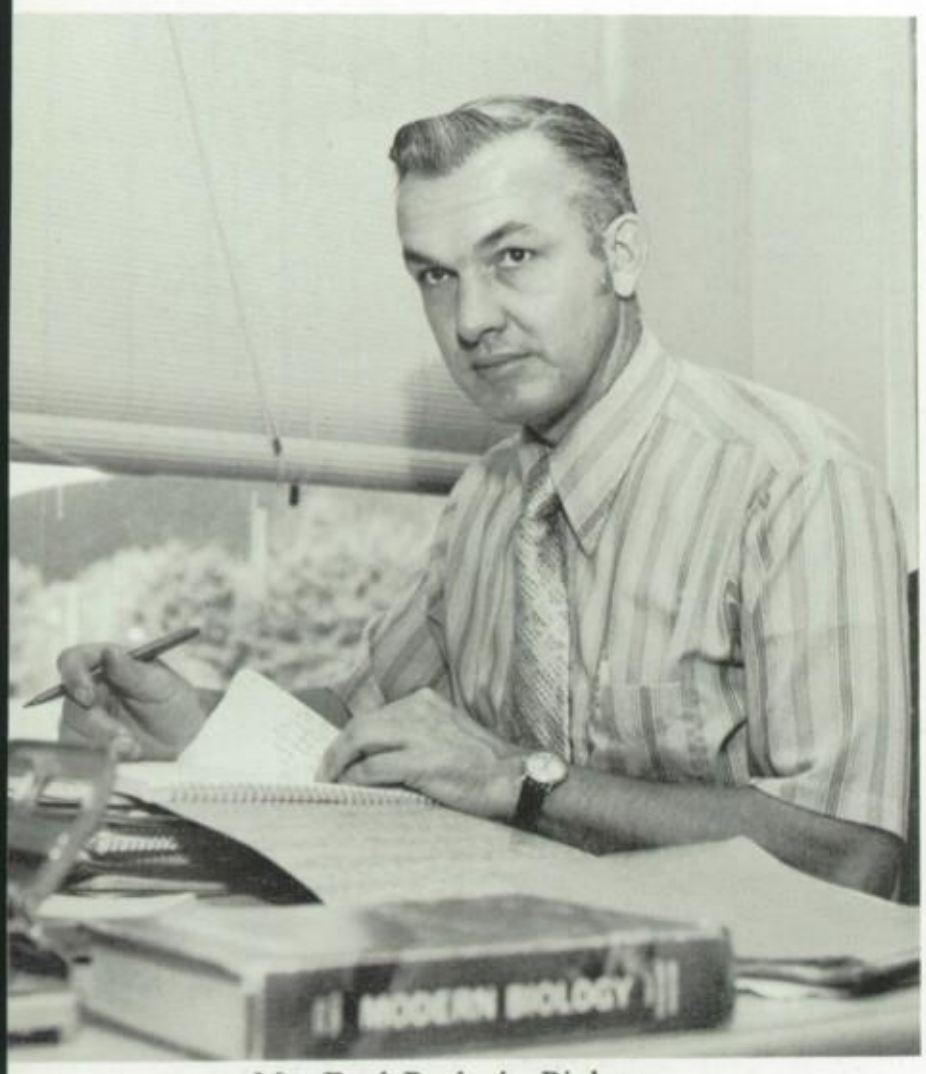
Mr. Wade Garland, Physics, Chemistry NR

Mr. Clare Lankow, Science 9

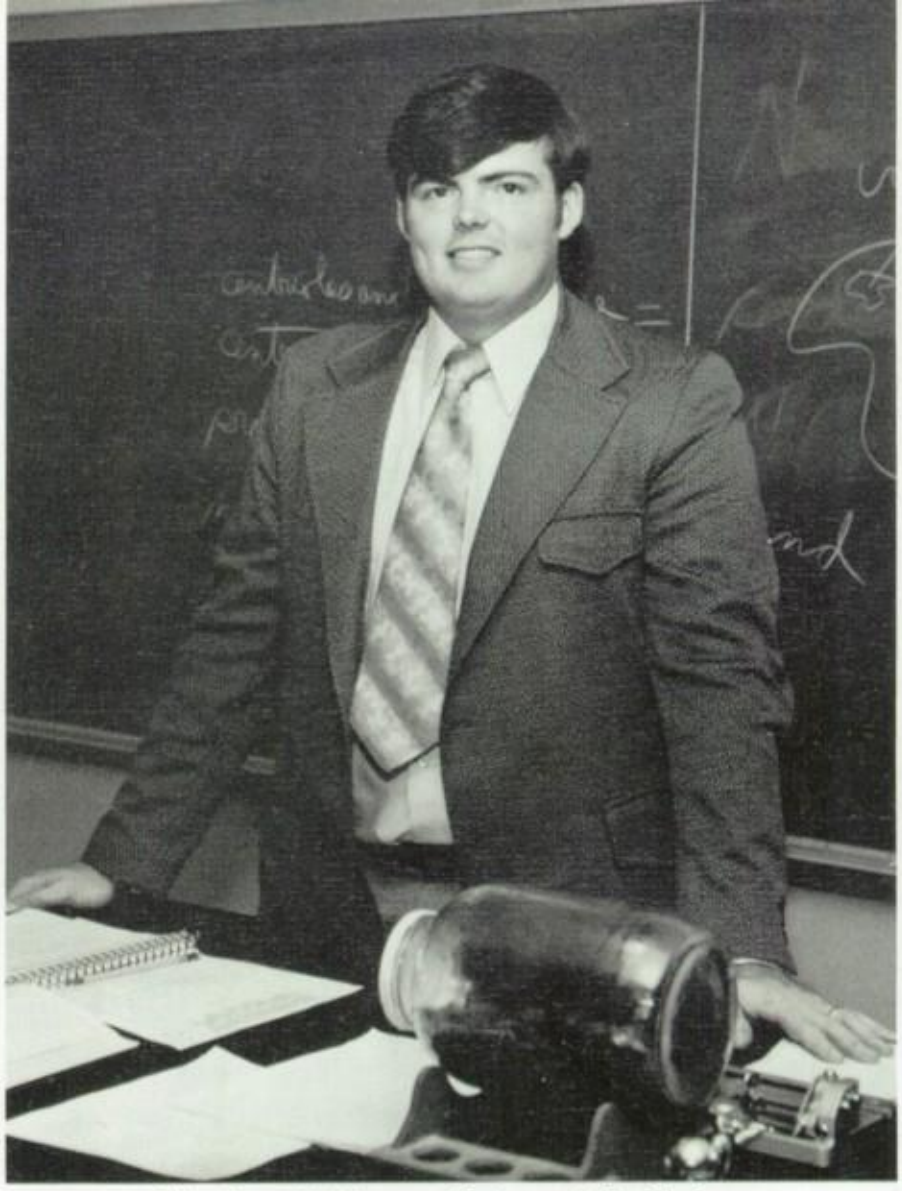
The major objectives of the science course offered at Salamanca Jr.-Sr. high school may be stated in general terms as: The presentation of the basic principles of science as an intellectual discipline and achievement of an appreciation of science as a creative pursuit of human knowledge; develop facility in analytical, critical thinking — especially thinking which involves logical and quantitative relationships (in varying degrees); develop scientifically literate citizens, through an understanding of the methods of science and the role of science of society and everyday living as well as to stimulate interest in science, identify promising students and provide adequate preparation for future scientific studies.

Objectives that deal with information, concepts, and principles are interpreted as functional. Science instruction hopefully results in changed behavior, rather than merely in the acquisition of a body of isolated facts, verbalization of concepts and principles or unrelated mechanical skills. The keynote is understanding and the desired outcome is comprehension on the part of the students as evidenced by their ability to apply the various concepts to a multiplicity of problems.

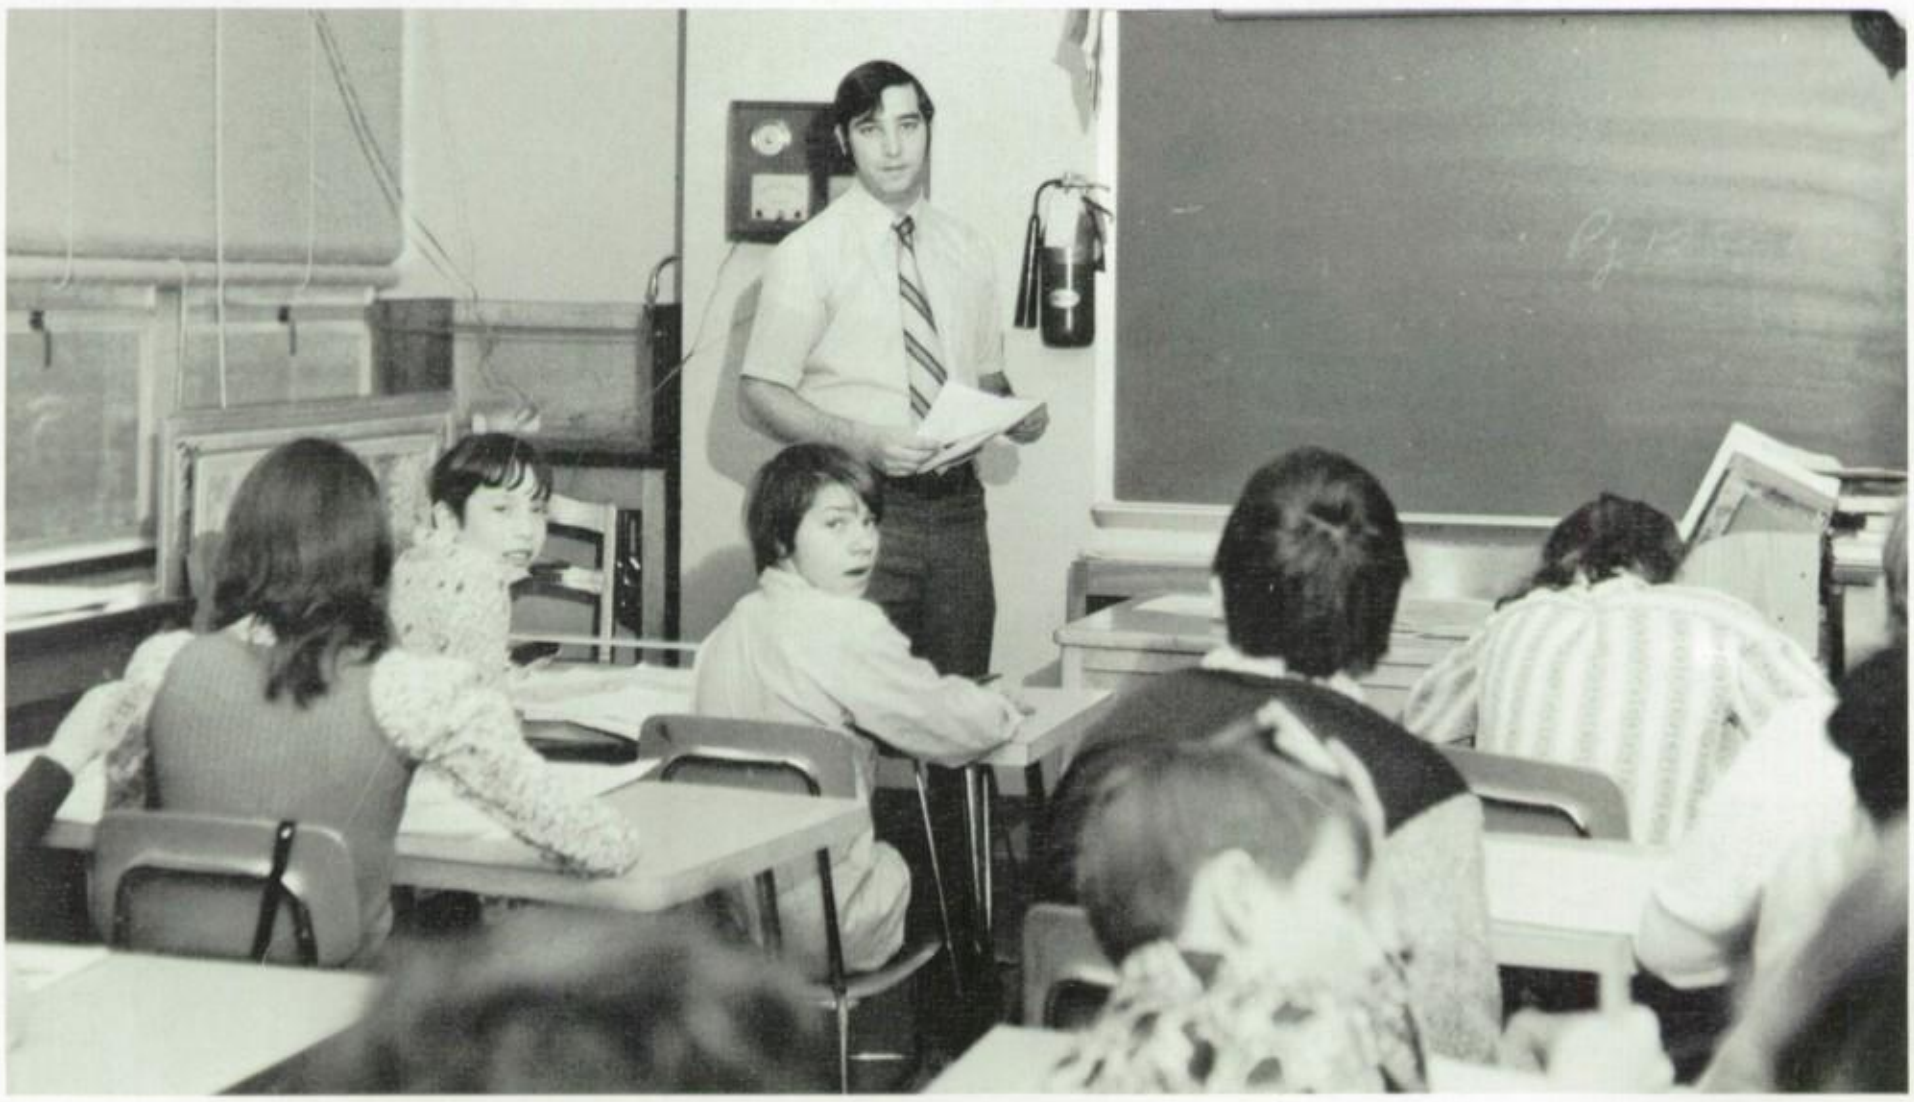
Mr. John Hammond, Department Chairman, Chemistry



Mr. Fred Pavlock, Biology



Mr. Joseph Hogan, Science 7,8, Biology



Mathematics Department

In this changing world of ours, mathematics is playing a more important role as each day and week progresses. Our space program relies on mathematics to guide us to outer planets, our mechanical improvements which allow more leisure time for enjoyment are founded upon mathematical relationships and even the housewife of today must have a fair knowledge of mathematics to make the most of the family income at super markets, where prices vary at different times with consideration to size or amount.

Over the years the Mathematics Department at Salamanca High School has recognized that each student's goal has different prerequisites in mathematics and has developed its curriculum accordingly.

For the student with engineering, medicine or some other similar vocation in which mathematics is of primary concern, there is the accelerated program which allows the student to obtain five years credit in the field of mathematics. This program provides for independent study and computer assistance. This is unique in New York State, and Salamanca is proud to have this program accredited by the New York State Education Department.

For those who plan careers in nursing, teaching, or as laboratory technicians, the state approved academic program affords a four year sequence.

For the many students who have vocational goals, there is the non-regents program which allows a student to accelerate to meet the requirements of the program of his choosing.

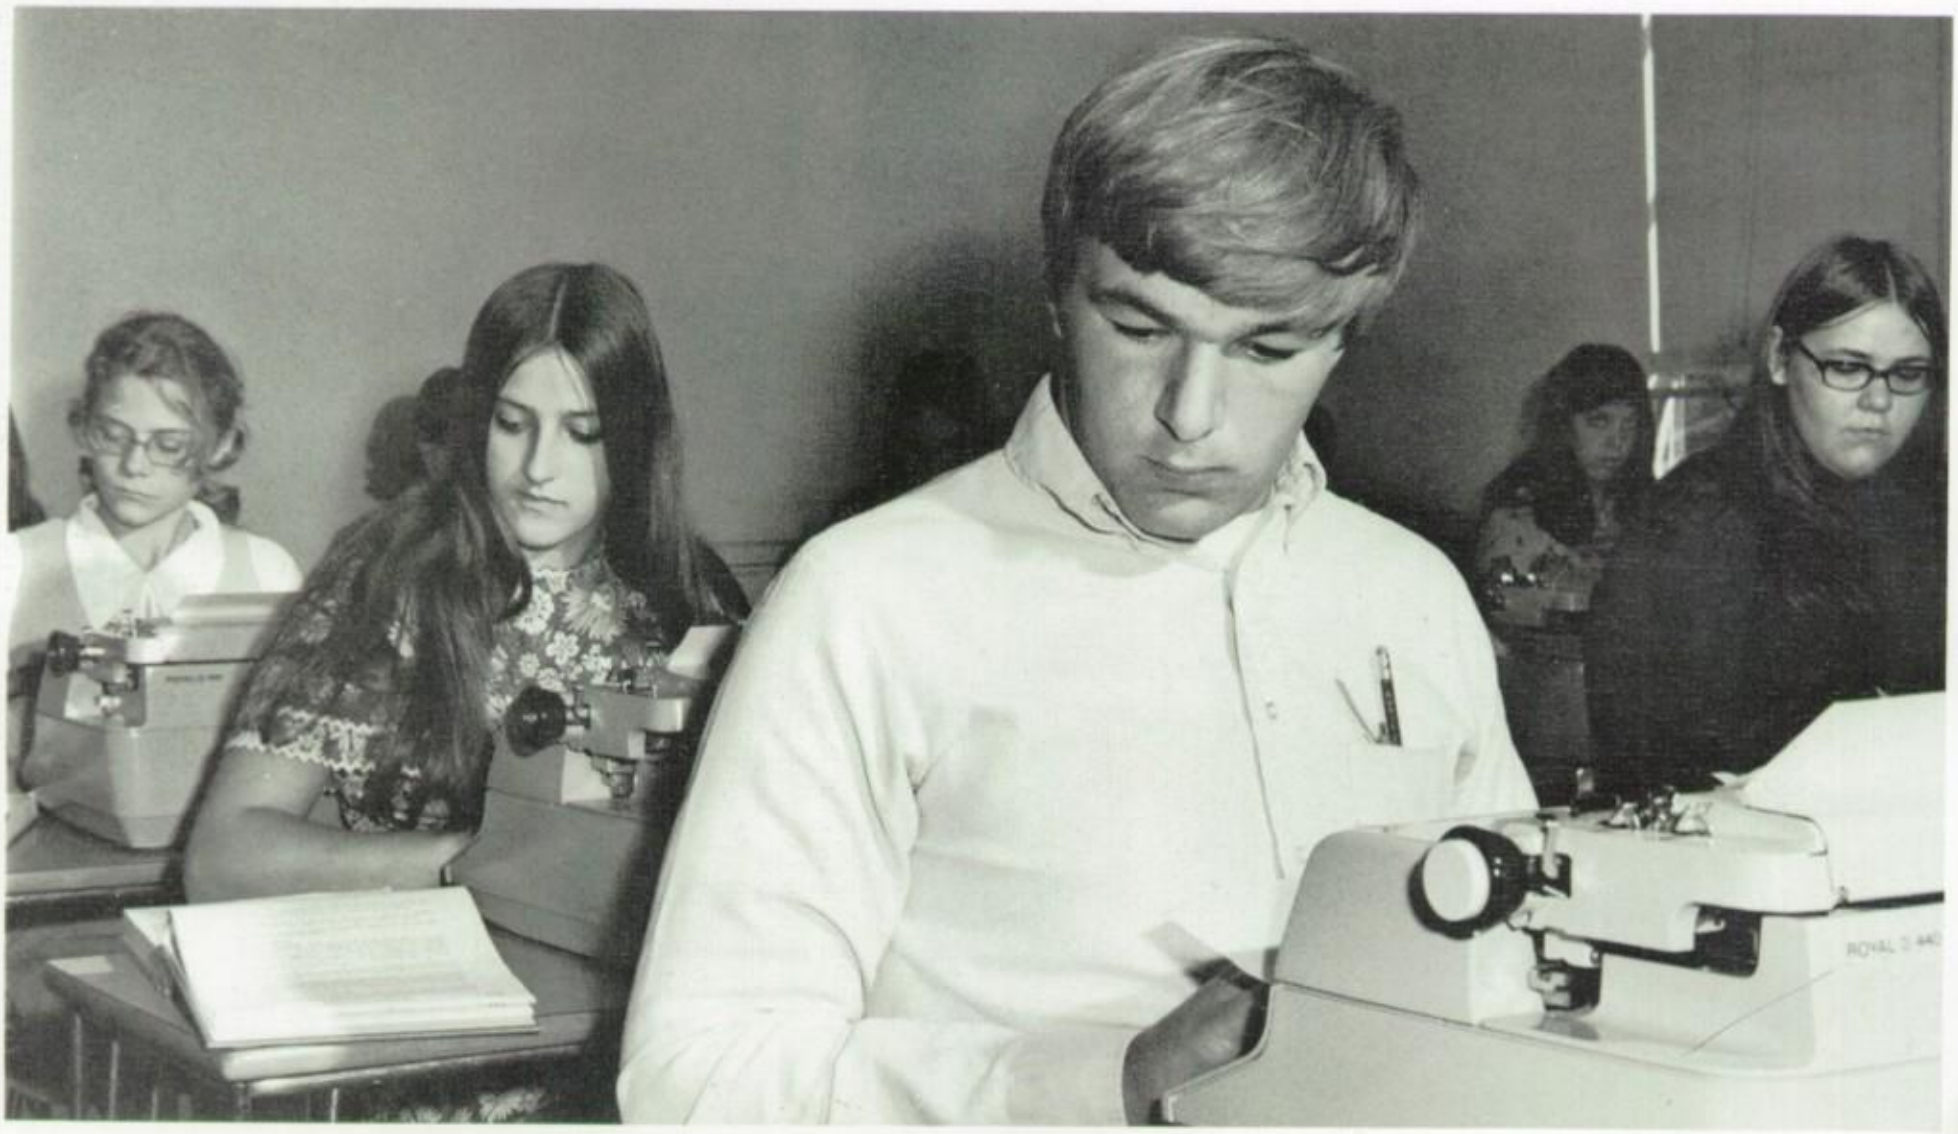
Business Department

Mr. Stephen Smerk, Department Chairman, Typing

Mrs. Dean Whipple, Shorthand I,II, Transcription

Typists improve speed during timed writing.



There are four major fields in the Business Department. The first is the Non-Vocational Business Course which prepares the student to accept a position in the Bookkeeping field. The second major field is Distributive Education, which prepares the student to accept a position in the retailing or merchandising area. The third major field is the Vocational Secretarial Course which prepares the student to accept a position as a secretary or stenographer in nearly any type of office. For the students who do not have shorthand skill there is another area called the Office Practice Course. This area prepares the student to accept office positions other than those that require shorthand skill.

The major purpose of the department is to develop the vocational skills of those students preparing for a career in business.

The activities of the department include annual D.E. picnic and trip to a large department store, and participating in Local, Area and State D.E. contests.

Creative Expression Through Art Curriculum

The Art Department of Salamanca Central High School is a very creative outlet for many students in both Senior and Junior High. Art is a way for pupils to express their innermost feelings or simply to learn how to develop techniques.

The Junior High Department, taught by Mrs. Sciandra, prepares younger students for more advanced work by employing basic fundamentals.

The Senior High Department, under the direction of Mr. Keeler, includes Advertising and Design, Drawing and Painting I,II, and III, Studio Art, Ceramics, and Sculpture as regular classes. The students work with oil paint, water color, pastel, tempera, acrylics, ceramics and graphics. This year, Drawing and Painting III studied portrait painting, an added dimension to the class.

At the end of the year, the entire department presents an annual exhibit to display their talent and ability in the artistic field.

Mrs. Russell Sciandra, Junior High Art

Industrial Arts

The Industrial Arts department gives the students a chance at learning the basic skills needed in drafting, in working the different materials, and repairing and running modern machinery.

Junior high students learn the basic fundamentals of metal, woodworking and ceramics. On the Senior high level more detailed courses are taught. These courses include power technology, electricity, and transportation. The courses taught in metal and woodworking, plastics and ceramics are more advanced than on the junior high level. Four semesters of mechanical drawing and one year of architectural drawing are also offered.

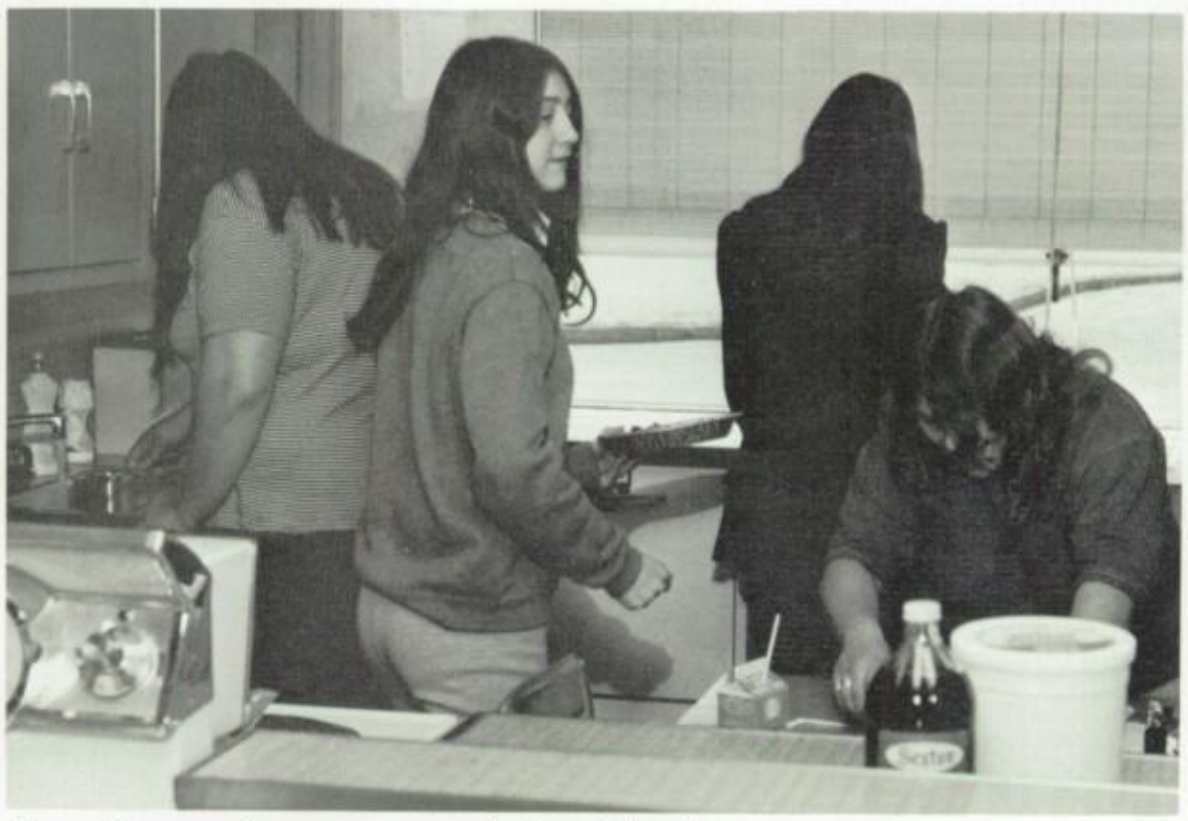
Home Economics Department

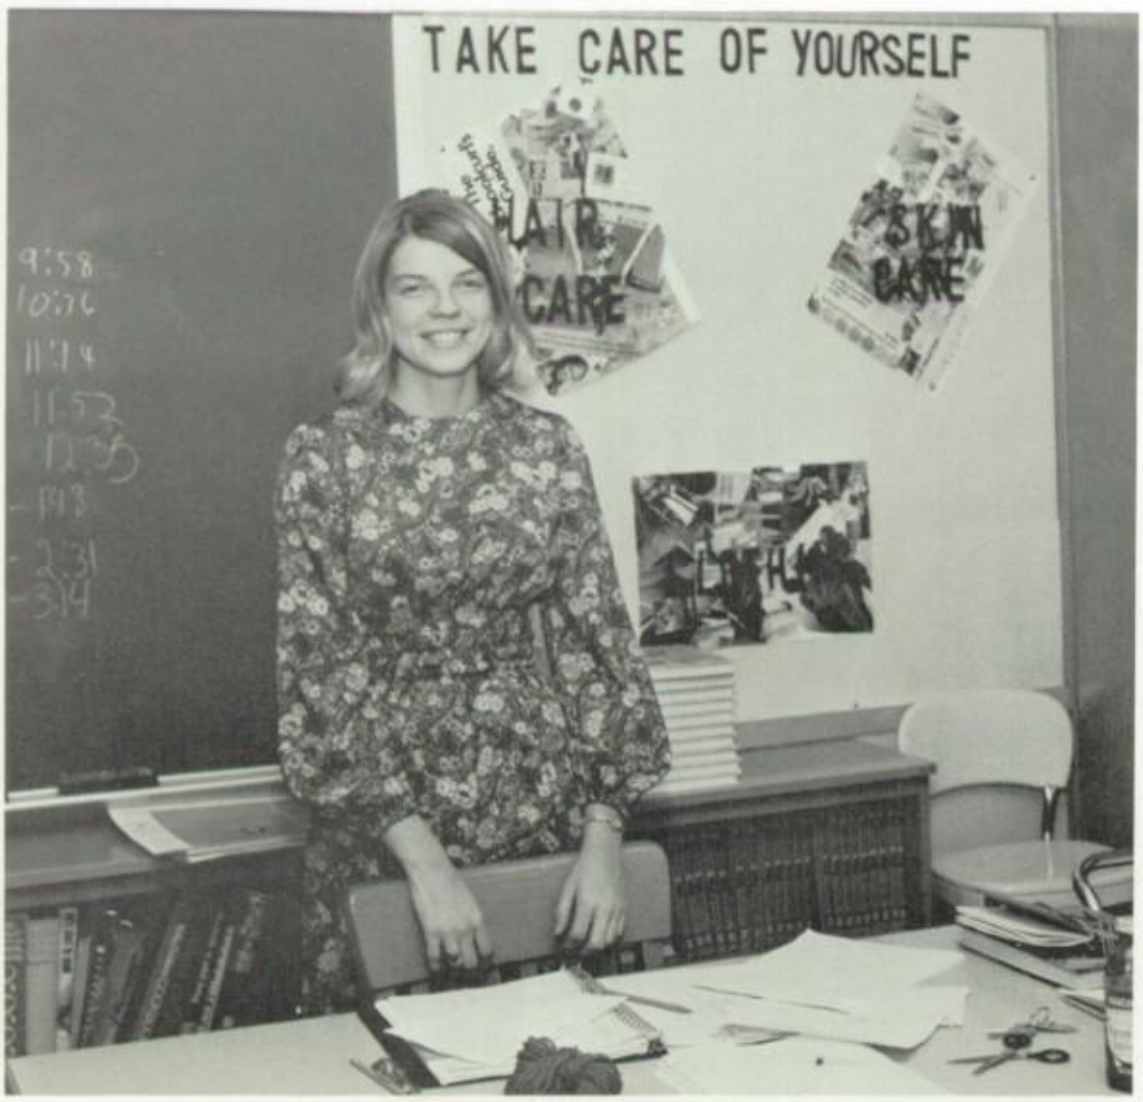
One of the main purposes of the Home Economics Department is to prepare youth to face the present and the future. Home Economics provides knowledge, understanding and skills which will prepare students for personal and family living in the home, community and world.

In addition to the compulsory 7th and 8th grade Home Ec. classes, Home Economics 1,2, and 3; and Textile and Clothing; are courses offered to the 10th, 11th, and 12th grade students.

Miss Nancy Moore, Home Economics 7,I



Home Ec. experiences are as varied as living is.



Miss Jane Lis, Home Economics 8,II,III

Music Department

Mr. Paul Williams, Vocal Music

Just as Carole King's music is the theme of the 1973 Seneca, music plays an important part in the Salamanca High School.

Three groups compose the vocal department. They are the Junior High Chorus, the Senior High Chorus, and the Ensemble. The two choruses are open to any students interested in improving their musical abilities through singing and practicing. The ensemble is a small, selected group of Senior High girls who perform more difficult and advanced music. Mr. Williams is the director of the vocal department.

Junior High Band, Senior High Band, Stage Band, and Wind Ensemble are included in the instrumental department, all under the direction of Mr. Nazaro and Mr. Miller.

Individual lessons as well as classes in Music Theory are also a part of the program, which is manysided and challenging.

Music is a main factor in many students' lives as they learn to develop their talents and express themselves musically.

Mr. Ronald Miller, Instrumental Music, Stage Band

Mr. Thomas Nazaro, Department Chairman, Instrumental Music, Band Director

Our school library is an information center where both print and non print materials are available for students and teachers. Books, magazines, newspapers, pamphlets, film strips, cassette tape and recordings may be found here.

The library is a place for study and for reading, for listening and for viewing, where students can find information relating to their studies and to their educational and recreational interests. Mrs. Latham Weber is the Director of Library Services.

One of the busiest organizations this year has been the Student Senate. Working directly with both the students and administration, the Senate was able to bring about several new policies in the school.

The Achievement Roll and open study hall are two of the Senate's major accomplishments for 1973. Also, to keep aware of the thinking of the student body, questionnaires and suggestion boxes were devised to supplement the communication that is to be maintained between the elected representatives and students.

Besides acting as a liason between students and administration, the Student Senate also sponsored several successful dances during the year. The traditional Football Homecoming and Winter Weekend were presented by the Student Senate. Two new dances — a "Greaser Dance" with "Big Wheeley and the Hubcaps", and a "March of Dimes Dance" from which all profits were donated to the March of Dimes were added to the school's social calendar.

The National Honor Society is a nationally accredited club that is representative of the fine young Americans in the United States today. The students are recognized for their outstanding scholastic ability, leadership, character, and service. The major requirement for continued membership in this club is to maintain an eighty-five percent or above average, therefore these students are to top academic students of the Junior and Senior Classes.

This year's club sent turkey dinners to two families for Thanksgiving, and everyone in the club took pride in this project. The club also sent flowers to patients at the Salamanca Hospital for Christmas.

Aquatic Club

Top Row: Karen Milks, Vice-President; Anne Marie Sanfilippo, Treasurer; Mrs. Goergen, Advisor; Peg O'Rourke, President. Bottom Row: Kelley Goergen, Secretary.

This year's Aquatic Show was again a great success! And it should have been after all the graceful girls and maybe not-so-graceful boys put in those long hours of practice. Mrs. Goergen also known as "Mrs. G" had a lot of patience with all the girls. After many tries and some good luck, the girls performed such things as ballet legs, catalinas, dolphins, and eifle towers.

Preparations for the show also included the imaginative decorations and original costumes. These were done at the last minute, accompanied by much panic. But once again the Aquanauts put on a fine show thanks to Mrs. Goergen.

The Distributive Education Club is deeply involved in helping a student better his ability in and knowledge of store business. This is where the retail lab in the school helps. While it is providing the students with school supplies all year round, it is also giving D.E. members a realistic, active training center. The Club attends many area and state meetings and contests. This years area officers are all from Salamanca High. They are indeed busy at all times, especially Jayne Carbone, Area President and State Vice-President. But right behind her all the way is Kathleen Sartori, Area Vice-President; Juanita Sherman, Area Secretary; Joanne Siperek, Area Treasurer; and Denise Jimerson, Historian.

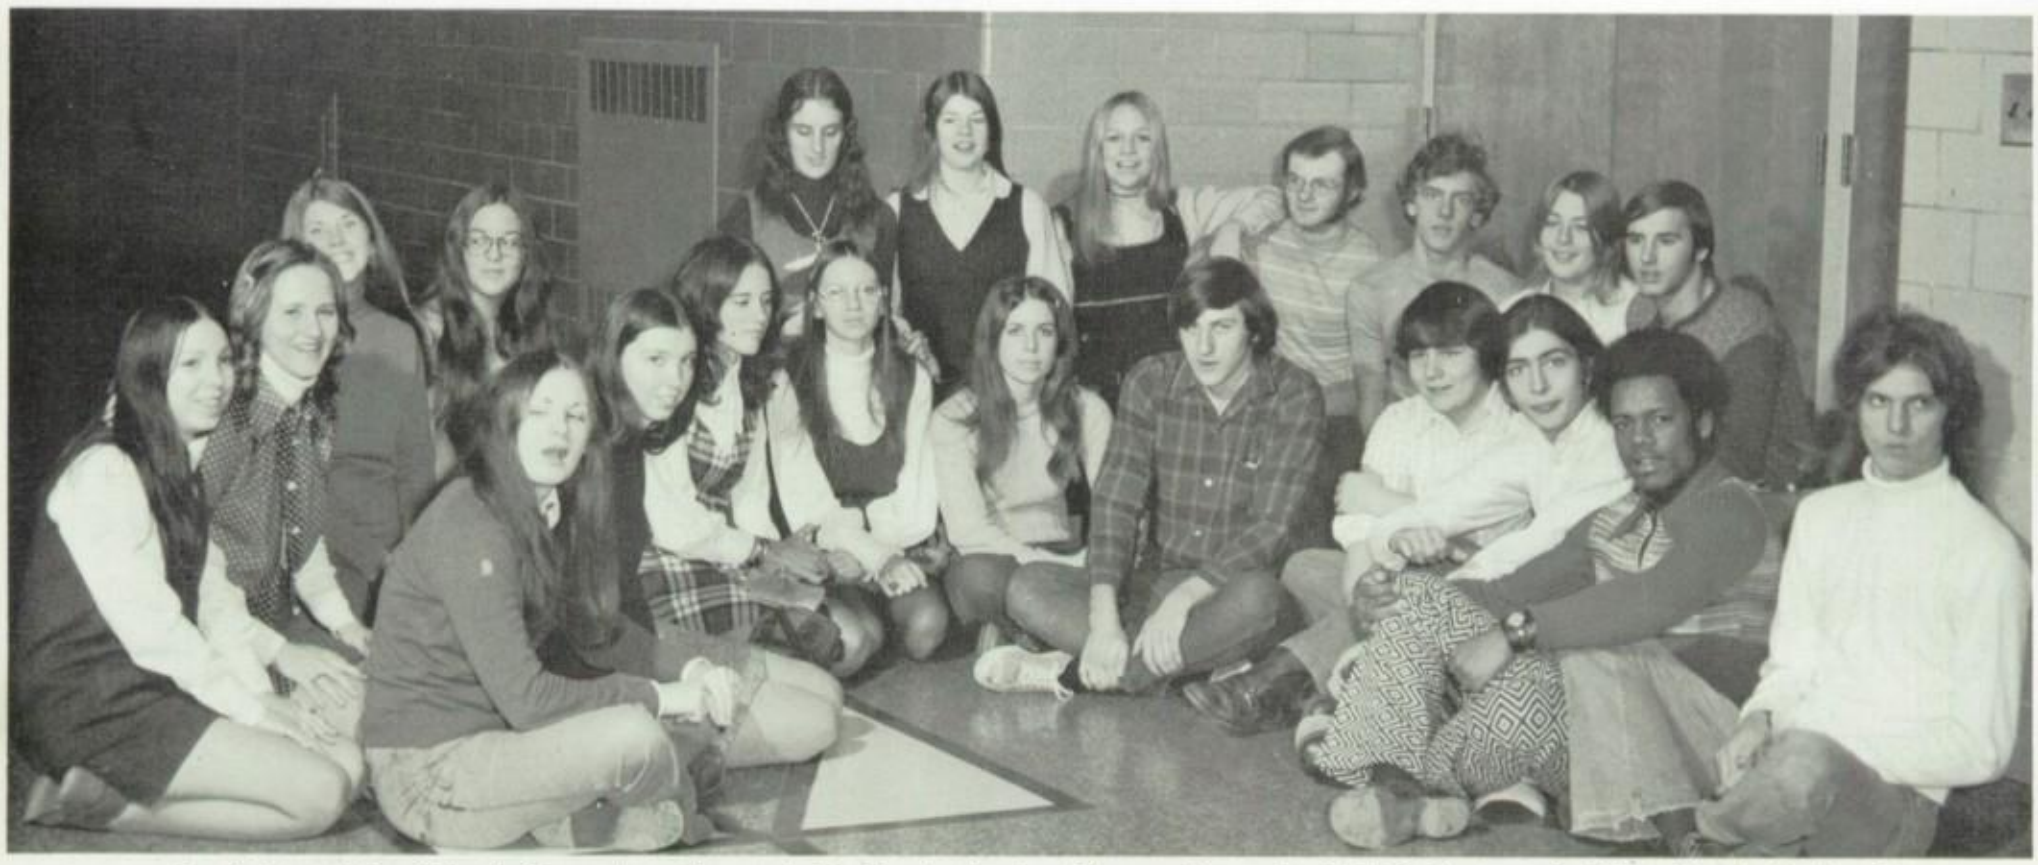
Left to Right: Debbie Flint, Secretary; Moe O'Rourke, Vice-President; Mrs. Anderson, Advisor; Molly Fitzgerald, Treasurer; Alexis Kurlej, President.

This year the Spanish Club was reorganized under the supervision of Mrs. Anderson.

The purpose of the Spanish Club is to help the students expand their knowledge and understanding of the Spanish culture. The club also helped create a more meaningful interest in a culture so different from our own and yet a culture present in this country since the 1500's. This increased knowledge and understanding was accomplished by a lecture series and Spanish fiestas.

Free Form Discussion Group



Back Row: Moe Ward, Mary Ann Barczak, Kathy Ambuske, Sharon Barczak, Debbie Bartoszek, Kitty Rauh, Kelley Goergen, Brian Taylor, Greg Frank, Pati Gillfillan, Ron Wojtowicz. Front Row: Sylvia Connors, Peg O'Rourke, Juanita Sherman, Gloria Skudlarek, Kathleen Sartori, Joe Dolecki, Darryl Croker, John Wolford, Don Cannon, Tom Fenton.

The Free Form Discussion Group was organized last year by Mr. Callaghan and several interested students. It's title suggests just what kind of group it is — free form. Students come and express their opinions on the topics they decide on the week before such as drugs, war, amnesty, and other controversial issues happening in our school and society today.

Free Form has succeeded in stimulating student interest in world affairs and at the same time has offered them the chance to exchange ideas in a responsible way.

The students involved in last year's A.I.O. were not discouraged by its demise but rather carried on the tradition and formed the S.Y.C. At each meeting, they discuss different aspects of Seneca culture and plan programs to make a better awareness of this culture to those who lack knowledge of it. It is an organization open to anyone who has an interest in the Seneca culture so important and indigenous but in this area, the club is slowly but surely attaining success in its goals.

Once again Mr. Buffamante is directing candy sales during the three lunch periods. Our "candy girls", who provide lunch for many students, have been busy not only selling the candy, but keeping an inventory that caters to the sweet tooth of Sally High.

The Club meets monthly to plan various projects, such as the Teachers Recognition Day tea, a visit to a neighboring college, and for the F.T.A. members to assume the roles of the faculty for one day. This provides invaluable experience and insight in understanding a future career in the teaching field.

For the eighth consecutive year, WSHS is being broadcast through the facilities of WGGO. With its new name, "The Live Wire Experience", the radio show is aired every Sunday from 2:00-3:00 p.m.

Members of this club entirely take over the radio station each week, and take care of the various jobs of announcing, engineering, and production. Along with the music played, WSHS airs several features — "Project Environment", "Operation Drug Alert", school news and school sports.

The club participates in the annual Press Day at St. Bonaventure University, submitting tapes in the high school competition with other high schools across the United States.

This year's officers are Dianne Gust, General Manager; Celine Costello, Assistant General Manager; Cindy Sum, Secretary; Tom Jones, Treasurer; Greg Banner, Chief Engineer; Mr. Ferrara, Advisor.

While the girls work hard to achieve accuracy, they are also taught the need for safety and precautions when handling guns. Many of the girls have received hunting licenses in order to accompany fathers and brothers on hunting trips.

In addition to the Girl's Rifle Club, there is also a Rifle Team. Each year the girls and also boys try to qualify for this team of five which competes in the sectionals at Buffalo.

The club and team are both under the guidance of Mr. John Dugan, whose patience and good natured manner have been put to the test many times.

Students could learn anything from the snowplow to racing techniques. And for the first time, Cross Country ski lessons were offered to the students at Holiday Valley.

Unfortunately, the skiers didn't make it to Vermont this year, as there were not enough to make the trip economically feasible.

They are also instructed in the development, filming, and printing of pictures, and other techniques utilized in the dark room.

Chess Club

The chess team play throughout the year against area schools. It's open to any student in grades 7-12 who is interested in the game. The top five men play from each school. At the same time, it gives them a look at home economics jobs and careers.

Foreign Exchange Club

This past year Salamanca High School has had the pleasure of hosting two fine young girls from "South of the border". Margarita Montealegre and Maria Angela Ballalai de Carrallo brightened our school with their humor and good looks.

The International Fellowship is an exchange program that entitles an American student to live with a foreign family and attend school with their children for three months. In exchange, this student must host a South American student for a period of three months in the winter.

Last year Krista Lounsbury spent her summer vacation in Maracay, Venezuela. In return, she hosted Margarita Montealegre. Because of a tragic earthquake which destroyed much of her hometown, Managua, Nicaragua, Margarita stayed with Krista until June.

This summer Alexis Kurlej, a Salamanca High School junior, will spend her vacation somewhere in Peru. At this time her Peruvian home is unknown. She hosted for three months this past winter Maria Angela Ballalai de Caruallo from Salvadore, Brazil.

Everyone at Salamanca who knew these two delightful girls, enjoyed their being here and had much fun with them.

Krista Lounsbury, Margarita Montealegre.

Freshman Dramatic Club

This years Freshmen Dramatic Club was under the direction of Miss Rosemary Baker who instructed her twenty-five members in basic acting techniques and acting improvisations. This hard working club raised most of their money from bake sales.

They plan to put on two plays this year; one that they have been considering is "It's Cold in Them Thar Hills". Throughout the year these members had much fun and appreciated their hard work, because they had learned the thrill of Greasepaint.

All Conference

This year, the New York State All Conference Music Festival was held at the Eastman School of Music in Rochester. High school musicians from over the state, as well as music educators, publishers, and composers, participated in the Conference. Held from December 1st to December 4th, the festival included performances by the various musical organizations; displays by music publication houses and musical instrument manufacturers; and meetings of music educators from throughout the state. One of the highlights of the festival was the Stage Band, consisting of some very talented young musicians, and their conductor, famed composer/musician, Chuck Mangione. All in all, the weekend was a memorable experience. Above are Kathy Ambuske, Bernice Schwartz, and Jan Gardner, who were selected to participate.

Richard Ambuske, Mike Ciolek, Lee Horton, Steve Kirsch, Pete Quattrone and Ken Scott were among the 1100 boys who participated in the week long forum, held at Morrisville Ag.-Tech. State College. At the end of the week of campaigning, Steve Kirsch received the honor of being elected mayor of his Boy's State City.

Patty Boyce was sponsored by the local chapter of the American Legion Auxiliary to represent this school at Empire Girl's State 1972. She was one of the 315 girl's chosen from across the state to participate in this conclave, which is held annually at Albany State College. Girl's State is the supplement to Boy's State and is held for the same purpose: to educate high school students in the principles of government.

Senior Ball 1972
"Castles in the Sky"

The majestic beauty of a medieval castle, along with the royal court and ancient overtones of damsels, knights and ladies in waiting, filled the gym with excitement and grandeur. The old castle walls, the flowing of the silver fountain and crowning of king and queen are memories that will never be forgotten by any who attended.

For some its the glory of winning, the exhiliration of competition. For some it is self expression, for others it is escape. Winning, however, is the same for everyone; hard work, sacrifice, anguish, dedication, and a sincere desire to win.

It starts with an idea, the tiny spark that says "there is a chance." The spark is given life by the desire and will of the team until it flares into the brilliance of the wind, rewarding all that was dreamed, sacrificed, and worked for.

THIS IS SPORTS.

Coach Sanfilippo

The linksmen from Salamanca High School captured their second straight Section VI, Class BBB Championship in an 18 hole championship played at Varysburg Country Club.

Coach Sanfilippo, who had guided the Warriors to a second sectional title, believes in playing his linksmen in the fastest company available as his team met only two BBB teams in Allegany and Falconer.

The rest of their schedule was dotted with A-AA and AAAA teams but despite their tough schedule the Warriors posted a Won 6 Lost 9 mark before their sectional championship.

Football Season At A Glance:
Salamanca 20—Albion 18
Coach Joe Sanfilippo unveiled his newest Warrior team with quarterback Tom Hart at the controls surrounded by Ron Wojtowicz and Don Cannon both veteran halfbacks and Mark Sartori at the fullback slot. Stu Davis and Jack Hager were on the ends, John Weir and Dan Mendell at the tackles, Mike Ciolek and Chuck Meissner were at the guards and Richard Smith was over the ball.

Ron Wojtowicz took the opening kickoff 65 yards to the Albion 18 yard line as the season opened. Minutes later in the opening period, the fleet footed Wojtowicz broke off tackle, cut to the sidelines, and raced 38 yards for the first touchdown of the new season. Ray Wass kicked the extra point for a 7-0 lead.

The defense got credit for the second touchdown when defensive end Richard Smith picked an attempted pitchout out of the air on the 30 yard line and raced into the end zone. The Warriors led 13-0 at half time.

They came back with a 13 play, 71 yard drive opening the third period with halfback Don Cannon racing off left tackle for the touchdown and a 20-0 lead.

Coach Sanfilippo used his entire 25 man squad in the final quarter and a half as Albion scored three touchdowns to close to 20-18, but the Warriors defense starters stiffened in the final four minutes to insure their opening victory.

Ron Wojtowicz led the Warriors with 115 yards in 19 carries, Don Cannon had 57 yards in 12 carries and Mark Sartori added 31 yards in 7 tries to lead the ball carrying crew.

Salamanca 28—Trott 8
The Warriors journeyed to Niagara Falls for the second start. After Trott opened the scoring in the opening minutes by recovering a fumble to take an 8-0 lead, the Warriors settled down and went after the Engineers.

They marched 56 yards with fullback Mark Sartori ramming into the end zone to cut the Engineers lead to 8-6. Opening the second quarter Mike Ciolek recovered a Trott fumble at the 12 yard line. Don Cannon found a big hole over right tackle and scored from the 3 yard line to give Salamanca a 12-8 lead. We ran the same play for the two point conversion and a 14-8 lead.

Four minutes before the half, quarterback Tom Hart fired a 34 yard pass to Cannon on the 14 yard line for the third touchdown, Ray Wass booted the extra point and the Warriors led 21-8 at half time.

Near the end of the third quarter the Warriors put together a 59 yard drive in 10 plays capped by Cannon's 3 yard burst off tackle to up the Warrior lead to 27-8, Wass kicked the extra point for a 28-8 final score.

Don Cannon led the ball carriers with 102 yards in 22 carries, Ron Wojtowicz added 81 yards in 11 trips and Bob Reynolds added 17 more yards in 7 tries. Tom Hart had a brilliant game at quarterback hitting on 5 of 8 pass attempts.

Salamanca 6—Wellsville 0
The Warriors journeyed to Wellsville for their fourth game, still unbeaten and now the word was out in the CCIAC — "Beat the Warriors" to win the championship.

Again "Defense" was the name of the game.

The first and second quarters were scoreless. The third quarter was played between the two thirty yard lines and both teams looked evenly matched.

As the clocked ticked away in the fourth period Warrior fans thought that Salamanca would have to settle for a 0-0 tie. Time and again the Warriors marched inside the Lions 20 yard line only to see their drive stall and fizzle out.

With 34 seconds left on the clock, Wellsville ran a quarterback sneak, fumbled the ball and lineback Mark Sartori recovered on the Lion's 25 yard line with 25 seconds left in the game.

The "never say die" Warriors lined up and quarterback Tom Hart faded back and found end Stu Davis alone on the 10 yard line, hit him with a perfect pass, and Davis raced into the end zone with only 7 seconds left in the game. The Warriors had scored their fourth straight win and second 6-0 victory in a row.

Ron Wojtowicz was the workhorse as he carried the ball 21 times for 92 yards, with teammate Don Cannon getting 41 yards in 12 tries and Mark Sartori adding on 27 yards in 5 carries.

Salamanca 6—Dunkirk 0
In a game that will go down in history as one of the hardest fought defensive games ever staged at Vets Park, the unbeaten Warriors met the hard hitting Dunkirk Marauders. Salamanca won the toss and took the opening kickoff marching 61 yards in 13 plays with Ron Wojtowicz hitting off right tackle from the 3 yard line for a 6-0 lead in the opening minutes.

Forty four minutes later, after furious defensive action the score was the same. However, during the second quarter Dunkirk drove to a first down at the Warrior three yard line. The Warrior forward wall rose to stop the first crack into the middle and on second down guard Dan Jimerson recovered a Marauder fumble to halt the march and protect the one touchdown lead.

Twice more in the second half the Warrior line thwarted Dunkirk drives. In the third period Dunkirk reached the Salamanca 13 yard line, but the Warriors rose to the occasion stopping two running plays while two passes fell incomplete in the end zone. In the fourth period Dunkirk drove to another first down on the Warrior 4 yard line. Four times Dunkirk cracked into the middle of the Salamanca line but the Warrior line held and took over on downs at the 3 yard line insuring the Warriors third straight win.

Don Cannon gained 57 yards in 12 carries, Ron Wojtowicz gained 39 yards in 13 carries and Mark Sartori got 46 yards in 11 carries to spearhead the Warrior drive to their third straight win of the season.

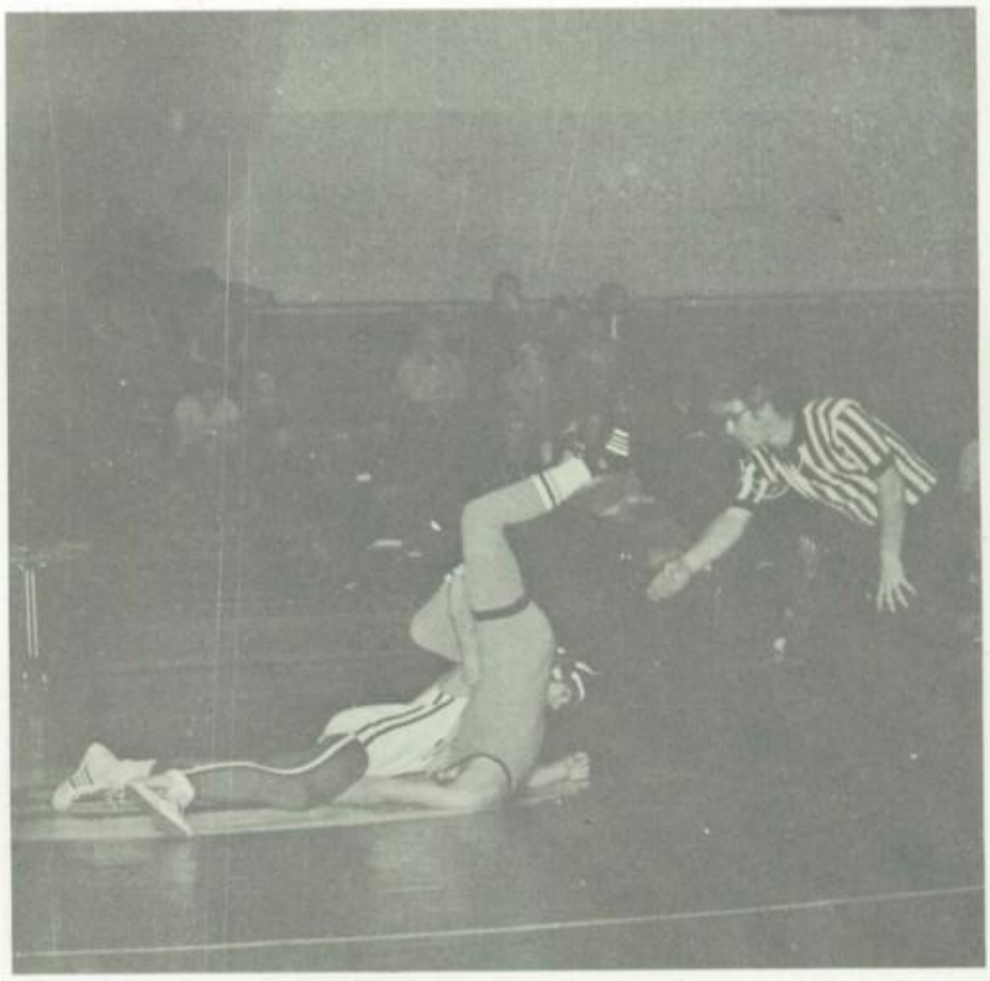
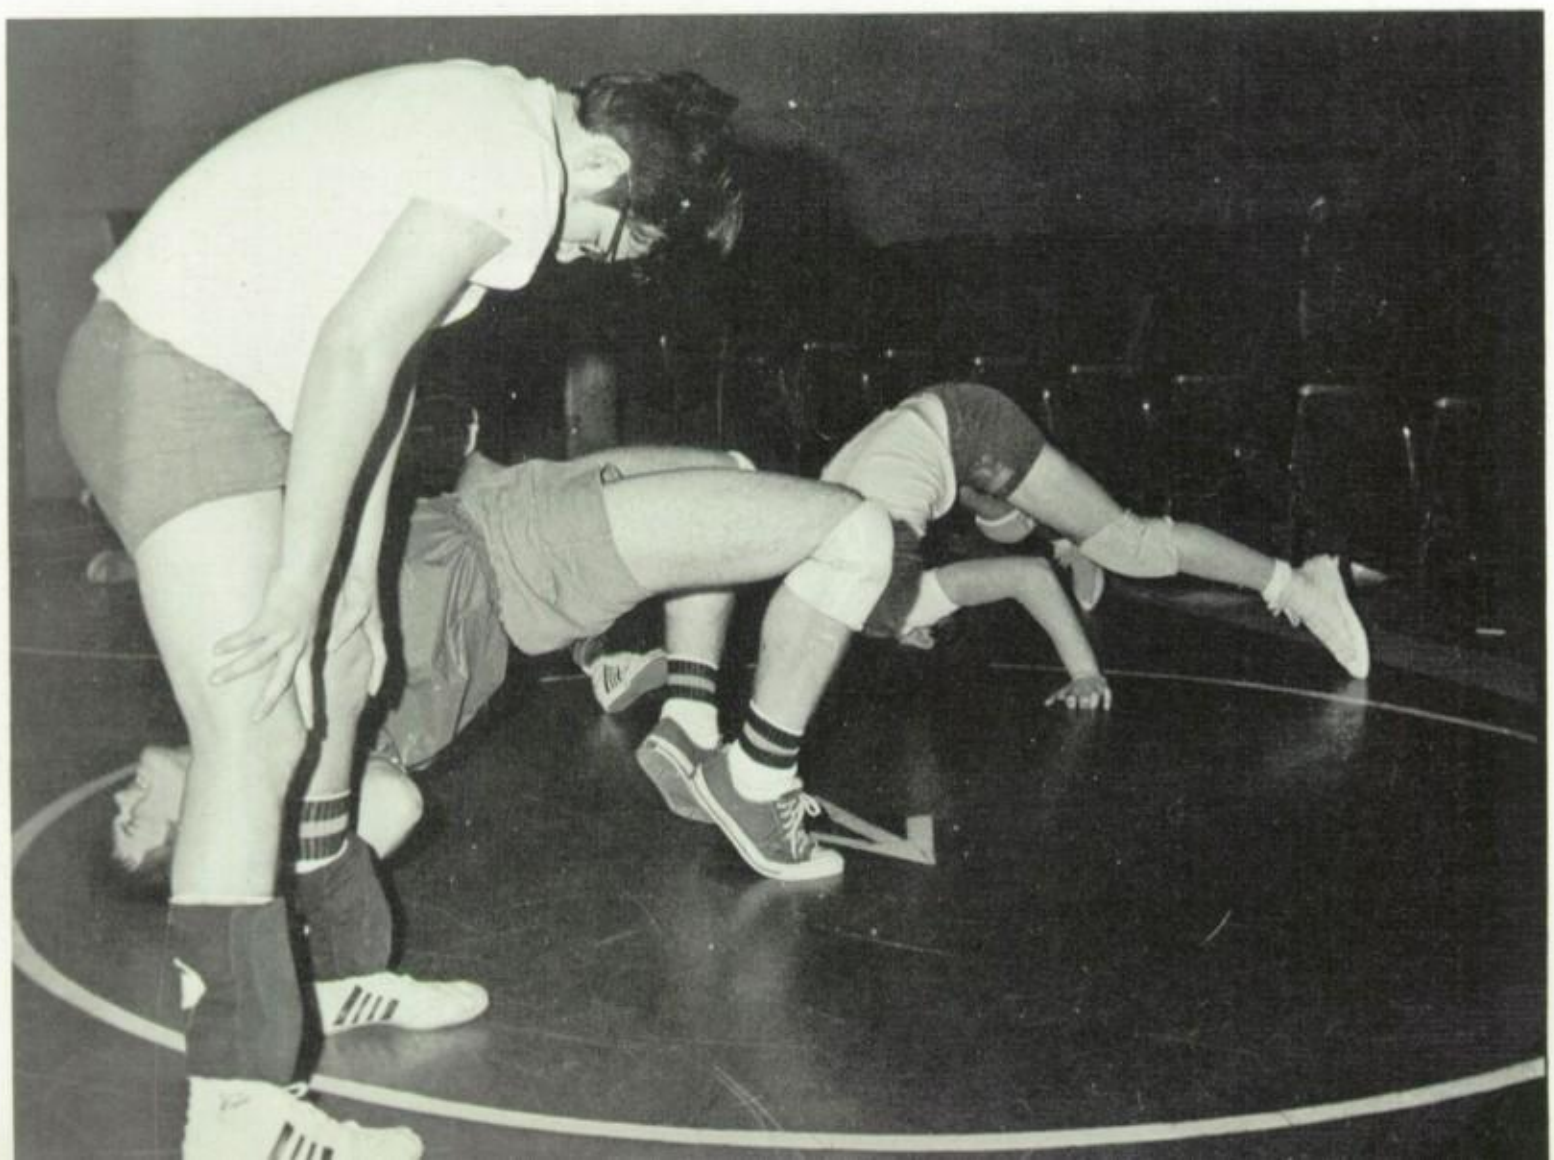
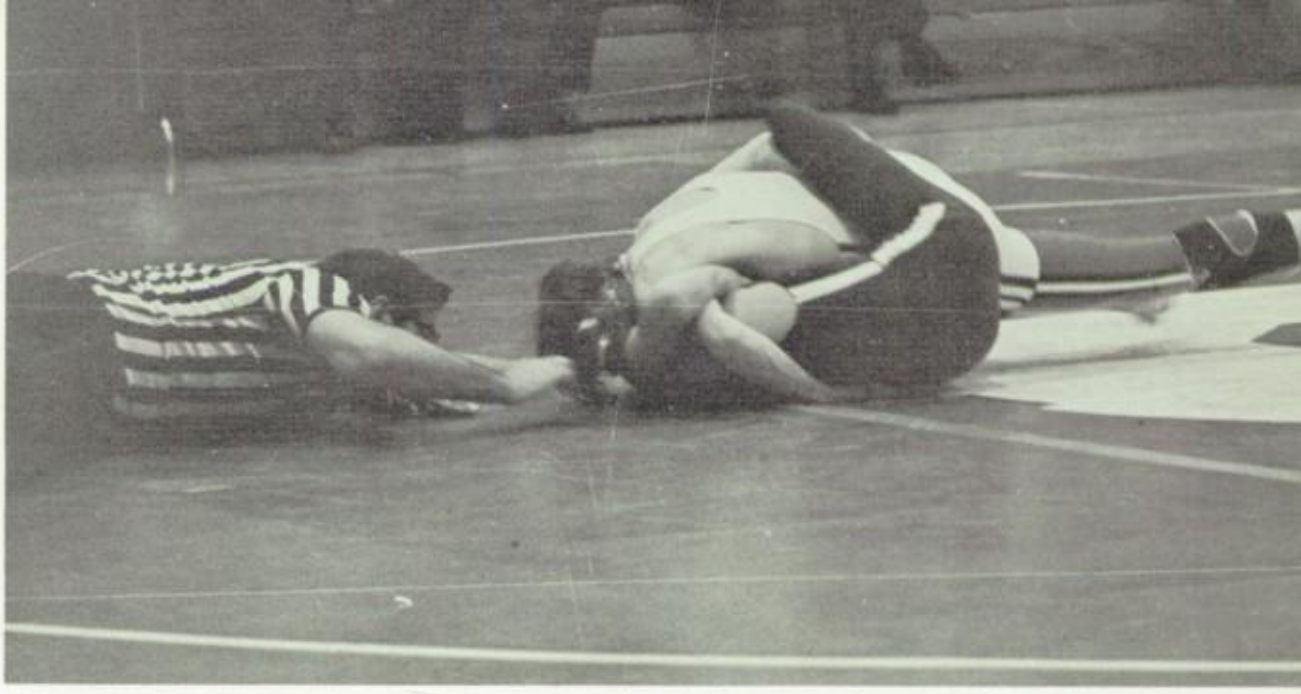
THE SALAMANCA INVITATIONAL

Salamanca is proud to host one of the finest wrestling tournaments in the East. A two-day affair that is always in the standing-room-only category on the night of the finals, it has also become a magnet for college coaches wishing to see top-flight talent. Next year the format calls for twenty entries and we're proud that we are the third smallest of the twenty teams. This kind of competition should bring us to a high level of competence and hopefully our long sought sectional crown.



Mike Ciolek pins George Ruggles of Smethport with a stock at the 3:25 minute mark.





Mark Sartori pins John Arnold of Dunkirk in 1:28.

Pete Newark stuns Charles Rozumulski of Dunkirk with a pin in 15 seconds, a new school record.

A FIRST BY VARDEN

Student Yearbook Photographers Workshop "a Fantastic Success"

In August of 1972, Varden Studios sponsored a workshop for student yearbook photographers which was held on the St. John Fisher College campus in Rochester, New York.

One hundred and forty students and yearbook advisors took over 12,000 photographs during a 3 day period. All photos were processed and critiqued during the workshop. In addition to this, everyone enrolled attended 4 theory lectures, 5 one hour talks by top men in their fields, 2 slide shows by Kodak, a tour of the Rochester Institute of Technology photo department and also found time for a cookout and several social hours which included an all night rap session.

Everyone was asked to fill out sheets to evaluate the workshop. Some of the comments were: quote "I hope I flunked so I can return next year" by Laurie Chapman, Amsterdam High School, Albany, New York. "Varden should conduct workshops, again, again, again and again" by Terry Tiraborelli, Fairport High School, Rochester, New York. "I thought the whole workshop was fantastic" by Kathy Beerhalter, John F. Kennedy High School, Utica, New York. "I believe that this workshop, the knowledge and commitment that is involved, has broadened our minds not only as photographers, but also as adult human beings, who can work together to obtain a more advanced form of communication" by Craig Gross, Corning-Painted Post East High School, Corning, New York.

Workshop '73 has already been planned. For information, call or write Mr. Carl Tandoi, Varden Studios, Inc., Rochester, New York 14607. Phone 546-2360. We hope to see you there.

That one thread of our tapestry is unraveling, and we will be leaving Sally High. Long after, we will remember how we have brightened the importance of that thread. Although our time here was but for a moment — six short years, the memory of those years will never be forgotten. Now through the layers of stitches, we see the past, the present and the dangling thread of the future that reminds us that there will be another thread to weave into our tapestry. We hope that our re-creation of that one thread has made your tapestry complete.
